HELP BUILD A BETTER CYPRESS

VOL. XXII—No. 44 | Cypress, California, Friday, August 19, 1949 | Price 5c Per Copy

Said In Cypress

That girls are like newspapers. They have forms, they always have the last word, back numbers are not in demand, they have great influence, you can't believe everything they say, they are thinner than they used to be, they get along by advertising, and every man should have his own and not try to borrow his neighbors.

That Dad Kroesen is "back in the harness" again and is helping us gather local items for the Enterprise. He thought he was all done with newspapers after his four years of running brother Merle's Iowa paper during the recent unpleasantness, better known as World War II. If everyone would be prepared to give him their local items when he makes his rounds at the first of the week, we would surely appreciate it.

That Barney Barnhart, after what might be called an "extended period of bad fishing luck," sold his equipment. But we are told that he is already thinking of repurchasing some more, and that chances are he will probably be found in the vicinity of Sunset Beach soon after his vacation starts Monday.

That one of the Cypress' navy men, Jesse Smith, brought in an interesting account of his recent voyage with a scientific navy trip. We are going to print it soon for the benefit of everyone.

That a man was out with a young woman. He said, "Man is never older than he feels. Right now, I feel like a two-year-old."

She replied: "Horse or egg?"

That if any merchants here are ever in doubt about cashing a check for a stranger, they might follow the advise given in a Long Beach Press-Telegram story. It suggested that the person cashing the check have the holder put his finger print on it. If the person in question is a forger, he wouldn't take that chance.

That it's a safe thing to say that most people in Cypresh probably don't have any idea their little town has one of the best men's softball teams in this area. The Merchants will go out on the Norwalk diamond Monday evening at 8 to play the first game in a three out of five series for the championship of the National Softball Association.

Having sat on the bench with the team on and off this summer during their victory streak, we are pretty sure the fellows would really appreciate a good turnout of local fans at that game.

Downey will have a good-sized cheering section, so why not all you softball fans take a little trip to Norwalk Monday night and help Cypress bring home the the championship trophy?

That their are some young fellows around town who are due for quite an unpleasant surprise one of these nights. These particular pranksters (and we use the term loosely) pulled just about the lowest trick that has been done yet on the Frank Buzzo's. By saying that the guilty parties will be surprised, we mean that they won't always be so lucky to get away, and we know several parties that think there are more effective ways there are more effective ways of punishing them than merely a good talking-to.

The Buzzo's went out for the evening recently, and while they were gone, some kids took their garden hose that was lying in the yard, hooked it up and turned it on full blast so that the water flowed under the front door and into the living room.

A couple of hours later, Frank and Margaret came home to find that quite a lot of damage had been done, including the warping of the floor boards in their new home, not to mention extensive rug loss.

The particular kids that pulled that one can sit back now and feel smart—but if they keep it up, the smarting will soon be on the other end.

That in looking through the various pieces of publicity which arived in the mail this week, we noticed one piece that described the equipment a man and woman took back in 1908 when they drove their car coast-to-coast.

Here's part of the list: 10 extra tires, 30 inner tubes, 20 spark plugs, 6 five-gallon gasoline cans, 300 feet of rope, shovel, block and tackle, crowbar, axe and cross-cut saw.

They are going to make the same journey again this year and if they have the same troubles with their car that we do with ours, they better take a little more equipment with them.

YOUTH IS DISCUSSED BY REV. J. JACKSON

Rev. James Jackson of Pasadena College was the special speaker at the evening services of the Church of the Nazarene Sunday evening.

He spoke concerning the Lamp Lighters League, a youth organization for personal evangelism and scripture memorization.

NSLI Dividend Refund Blanks Will Be Issued Soon by Cypress VFW Post

Official confirmation has been received by Commander H. J. G. (Happy) Kreissler, of the Cypress VFW Post No. 9847, that the local group will be in charge of issuing National Service Life Insurance dividend refund forms for this area.

Should Arrive Aug. 29

The forms are expected to arrive Aug. 29, and arrangements have been made to have two members of the Cypress VFW Auxiliary on duty at the VFW hall, 5955 Lincoln avenue (Lincoln and Miller) each evening until 9:30 p.m. The Auxiliary members will not only issue forms, but will aid in filling out the blanks to the best of their ability.

In order to cut the number of questions to the minimum Kreissler said, there are four facts an applicant must bring with him they are:

Four "Musts"

(1) Full name as it appears on the insurance policy (2) Service serial number (3) Insurance policy number and (4) Correct present address.

Don't Write To VA

Officials in charge of the dividend payments have asked that applicants do not write to the Veterans Administration to inquire about insurance dividends. Letters will only detract from the time available to compute the dividends and prepare and mail the payments.

Questions should be directed to the commander of the local VFW, who is Kreissler for the Cypress area.

In cases where the veteran policy holder has died, the dividend payment will go to the beneficiary (if the policy was in force at the time of the veterans death) or to those shown to be entitled to it in case of lapsed insurance.

Nazarene Church Is Scene Of Local Marriage

Miss Etta Jean Bodkins, daughter of Mr. and Mrs. F. G. Bodkins, 8851 South La Salle street, and Stanley Vernon Martin, son of Mr. and Mrs. Charles Martin, 8672 South La Salle street were united in marriage last week in the Church of the Nazarene.

The Rev. W. D. Howard performed the ceremony, assisted by the Rev. Eric Jordan, of Los Angeles.

Maid of honor was the sister of the bride, Miss Vevah Gail Bodkins, while the best man was Ted Hughes, cousin of Martin.

The bride was attired in an oyster white gabardine suit and chose sky blue and snow white accessories. Her maid of honor wore a pink gabardine suit with brown and white accessories. The bride carried a Bible covered with carnations.

The bride was given in marriage by her father.

"I Love You Truly" was sung by Mrs. Eric Jordan, of Los Angeles. H. H. Price of Pasadena sang "The Lord's Prayer" and "Always."

The couple journeyed to Boulder City, Nev., for a brief honeymoon and returned Monday to the new home Martin has built at 5561 East Karen street.

REROOFING JOB NEARS END

A new surface on the roof of the Elementary school is nearing completion this week. It is part of a number of improvements being made on the school during the vacation.

LITTLE RED REALTY BUILDING WILL BE CERAMICS CONCERN

The little red real estate building on Lincoln avenue is being converted into an office for a ceramics shop, according to J. H. Watson, owner and proprietor of the new venture.

Plans are being laid for the actual production of the pottery on that location, but Watson says that will not come for some time.

LOS ALAMITOS YOUTH DIES; 5-MONTH ILLNESS

Ending a five-month stay in an iron lung, Herbert Alfred Bish, 14, 218 Green street, died last Sunday. He is the son of Mr. and Mrs. J. E. Hobbs.

A member of the graduating class at Laurel school, he was given his diploma while in the hospital. He was a member of the Methodist church.

Funeral services for young Bish took place Wednesday in Long Beach.

Russell Noe, son of Mr. and Mrs. Frank Noe, 4891 Grace st., returned to Phoenix, Ariz., with the Virgil Moss family for a brief visit. Mr. Moss was in Cypress visiting his son and family, the James Mosses.

Bad Checks Are Passed In Cypress

Cypress merchants have turned in bad checks to the sheriff's office for collection and many other complaints are being made by merchants in neighboring towns. The practice of passing rubber checks that bounce back from the bank is said to be on the increase. Recovery of the money seems to be almost impossible.

The passers of these checks have been arrested in several instances. Satisfaction from the knowledge that the passer of the check is serving a jail sentence seems to be the only reward the merchants can get — none of the guilty parties seem to have money to make restitution.

However, the law enforcement officers have found that most of the checks are of the payroll variety and most of the checks have been stolen from large firms.

Someone well versed in business practices, including the use of a check protector device, makes out the check which is then cashed by men posing as laborers. Seventy-three of these checks were stolen from the Santa Maria Drilling Company, a Signal Hill firm. Another theft of several hundred checks has been reported.

Authorities also think that the check passing ring has checks printed to order and there seems no way to combat the practice except for merchants to refuse to cash checks except for people they know.

NO NEW CASES OF MYSTERY DISEASE

Danger from the mystery malady which struck its last victim in Cypress several weeks ago seems to have subsided.

There have been no new cases reported for some time, according to Dr. Edward Lee Russell, county health officer.

Of the five patients now under treatment, all of them seem to be undergoing steady improvement. Work is still being done on blood specimen analysis.

FORTY-THREE WINDOW PANES BROKEN IN LOS ALAMITOS BLDG.

Malicious vandals threw bricks through 43 window panes of the Alamo Development Co., Los Alamitos, and wantonly laid waste to office fixtures, the sheriff's office reported recently.

Damage was estimated by Supt. Phillip Dulin at $300.

The anihilists ransacked desk drawers and scattered papers all over the place, then poured cement on the office and bathroom floors, turned on a washroom water tap and left.

The building was flooded when workers reported for duty, investigators said.

DEVILETTES WIN TWO, LOSE ONE

In a round-up of the Devilettes' softball activities last week, the count comes out with one win on a forfeit, one win in a practice game and a loss with a league team.

Corona, who has unofficially reported to be out of the league, failed to show up at the scheduled time, so the Cypress team counted a 1-0 forfeit victory.

Then the girls traveled to Buena Park where they met the Tigerettes, and won the contest 11 to 5.

Outstanding in that fray were Charlie Falls, who played both second and shortstop for six innings, Beverly Wilcox, Darlene Greenwade and Beverly Horton. They were the only regulars present for the first six innings, and they led their opponents 7 to 5 at the end of six. Then reinforcements arrived from Cypress and four more runs were scored by the local team.

Joyce Huckabee up-and-coming 9-year-old played an outstanding fielding game and got one run.

Tuesday night the Devilettes completed their regular schedule and lost to the Tom Boys from Ei Modina 21 to 0. Darlene Greenwade's double was the only local hit of the tilt. Both Greenwade and Delores Cardin made a number of outstanding catches during the game.

16 Runs, One Inning

The Tom Boys drowned the Devilettes' hopes in the second inning when they scored 16 of their 21 runs. A new pitcher, Viney Fields took over in the third, and only two additional runs were counted by the visitors for the remainder of the game.

Highlights of Orange County Fair Daily Program

JUNIOR FARMERS' DAY
Thursday, August 18

	10:00 a.m.	Fair Opens
	10:15 a.m.	Judging of Exhibits Begin
Stage "A"	1:00 p.m.	Queen Contest — Judging
Arena	3:00 p.m.	Pet Parade
Arena	3:30 p.m.	Bicycle Riders Association
Arena	7:30 p.m.	Horse Show Opens

Sunday, August 21

Stage "A"	2:00 p.m.	Square Dance
Stage "A"	6:20 p.m.	Sybil Rings' Majorettes
Arena	8:00 p.m.	Vaudeville Show

HAD THIRTY MEMBERS—

When Farm Bureau Was First Formed In Cypress, Jackie Searles Was Here

The first Farm Center Cypress members belonged to met at Buena Park. In about 1920, it was decided that a separate Farm Bureau for Cypress was needed, so the Buena Park group was broken away from.

Thirty members were needed to start and Mr. and Mrs. Joe Ritter canvassed the country surrounding Cypress and brought in 28 prospective people. H. Bowman was elected the first president and W. C. Miller became secretary.

First Meeting

Said Mr. Ritter, "We used to meet every week in the Cypress school. When the new school was built in 1922, the Farm bureau was the first organization to hold a meeting in the auditorium. I was president then.

We sure used to have good times. We would put on entertainments and pot luck suppers.

Jackie Searles, famous child movie star, lived in Fullerton then. We got him to come out and put on an entertainment one evening.

"I remember we needed a stove and some dishes for our pot luck suppers so we went in with the Chamber of commerce and put on a box social. The money was used to buy a hot plate and some plates and cups. No place had been allowed for such emergencies so we built some cupboards and connected the plate in the back of the stage.

"Orange county held a fair every year then and the Farm center was asked to submit an exhibit. Jack Fuquay and I were appointed to design and make one.

Wins a Prize

To our surprise, it was a prize winner. We won a first prize twice and one second. The one that only got second at Santa Ana was sent to Riverside to represent Orange county at their fair and won a $400 sweepstake prize. We have a number of trophies displayed at the Cypress school to show for our work, but they sure were a lot of trouble to make. I sat up nights working on them.

"Some years ago, Cypress Farm bureau consolidated with Magnolia and now the meetings are held at the Magnolia school."

40TH ANNIVERSARY IS CELEBRATED

The parents of Mrs. Glen Hubbard, 8121 Miller road, celebrated their ruby anniversary Sunday at Huntington Park. The couple, the Rev. and Mrs. R. C. Menker, received about 150 guests between 2 and 5 p.m.

The Menkers wore the same clothes as the day they were married, and this "original" theme was the keynote of the day. One of the original flower girls was present, with her husband, Mr. and Mrs. Harry Maxwell of Los Angles. There were also many of the original wedding guests there.

A ruby color scheme was carried out by ruby-colored gifts and wrappings, and cake and raspberry frozen punch were served.

Of the original wedding party present Sunday were Mrs. Menker's sister and her husband, Mr. and Mrs. R. M. Hughes of Sutherland, Iowa, Rev. Menker's brother and his wife, the E. L. Menker's from Oakland, California, and a daughter and her husband, Mr. and Mrs. Edwin Robinson of San Diego.

Guests came from as far away as Buffalo, New York, Iowa, Oklahoma and Oregon.

26TH ANNIVERSARY FOR E. L. McWILLIAMS

The 26th wedding anniversary of Mr. and Mrs. Elmer McWilliams was given special recognition last week when the latter's brother-in-law and sister, Mr. and Mrs. Dan McWilliams entertained a group of relatives and close friends at a barbecue dinner in their attractive out-of-door living room at their home at 7505 Magnolia avenue.

Guests were Mr. and Mrs. Merrill Hunt, Bruce Hunt and Miss Mary Ann Hunt of Lakewood; Mr. and Mrs. Robert Fogg and son, Bobbie, Dr. and Mrs. M. H. Damron, Mrs. Elizabeth Anderson, Mr. and Mrs. Rosseh Williams and daughter, Wendy, Mrs. Faye Arnold and daughter, Charlee and the honored guests.

BRIDGE ENTHUSIASTS MEET AT MISS DICKERSON'S

Miss E. Dickerson's Anaheim home was the scene of a 500 bridge party Saturday night.

High score was held by Bill Watson, Mrs. Claudinia Clark was second, Sam Scally, third, and Mrs. A. H. Strempel, fourth.

Refreshments climaxed the evening's entertainment.

Girl Softball Team Routs Boys In Novel Game

After a forfeit in which the Devilette's opponent didn't show up last week, the girls challenged a boys' team on the local diamond and beat them 10 to 7.

One adjustment was made before the game began—the two pitchers were switched, with Eddie Arbiso playing on the winners' team, and Evelyn Rhodes pitching for the boys.

Arbiso's Homers

Arbiso proved to be a traitor to his former team mates and knocked two home runs, one when the bases were loaded. Evelyn got on base too, though, and scored a run for the 'stronger' sex.

Scoring runs for the girls were Beverly Horton, who counted two scores, as did captain Betty Lantz, while Charlie Falls, Gerry Herrera and Catalina Boeckler each scored one apiece.

For the men, "Tubby" Herrera, "Red" Duncan, and Johnnie Andre each counted two runs apiece, while Evelyn scored the other.

NEXT FIREMEN'S DANCE WILL BE HELD AUG. 27

A social date to mark on the calendar is Saturday, August 27.

That is the night set for the next firemen's dance, which will be at 9 p.m. in the Cypress Fire Hall.

The affair held Saturday demonstrated the increasing success of these dances in Cypress, as a good crowd was evident.

Last Meeting For White Gold Committee Heads

From now on, only individual committee meetings will be held in preparation for the White Gold Day celebration in Cypress, October 8.

Wednesday night, the final organizational meeting was held by Chairman Jake Van Dyke in the Elementary school auditorium.

Among the various points discussed during the session, was the tentative plan for holding two servings of the barbeque dinner instead of one. Nothing definite was decided, but the price of one dollar per person was announced.

Tickets for the television drawing and the barbecue were discussed, and plans made for them to go on sale soon.

A report was made on the progress in the possibilities of securing a park district for Cypress. A committee had gone to Santa Ana and talked to Joe Ogle, county council, and found that if the approval of the county board of supervisors can be obtained, an election must be held. The vote of Cypress people would then decide the issue.

FIRE CAUSES DAMAGE TO ACRE EAST OF TOWN

The Cypress volunteer fire department was called to the corner of Cerritos and Hanson Tuesday when a grass fire got out of hand on a vacant acre there.

There were no buildings on the land, and no owners around at the time. The land is listed under a party in Los Angeles.

VERA MARSHE of the films appears this week at Holiday Stage at Tustin, with screenstar Donold Woods and June Lewis of the resident company, in a sparkling new comedy called "Broomstick." Scheduled for the last two weeks of the Holiday Stage season are "The Corn Is Green," play made famous by Ethel Barrymore, and "Knickerbocker Holiday," musical comedy by Maxwell Anderson and Kurt Weill..

HUBBARDS HAVE FIFTH ANNIVERSARY PARTY

Dinner and a musical show in Hollywood were the fare for celebrating Mr. and Mrs. Glen Hubbard's wooden wedding anniversary Sunday. The Hubbard's live at 8121 Miller road.

They were accompanied by Mr. and Mrs. Alexis Pelous, 8246 Miller road.

NAZARENE CLASSES PICNIC IN ANAHEIM

The Adult Bible Classes of the Church of the Nazarene held their monthly meeting in the form of a picnic at the Anaheim park Tuesday evening.

Following the picnic they met at the home of Mr. and Mrs. Ray Moore, 147 Claudina for the remaining portion of the evening. Mr. and Mrs. Ray Moore recently moved to Anaheim from Cypress.

Wholesale Plane Rides For Boys

Eleven young men and a minister trouped into the office of Jim Bryant at the Cypress Airpark Sunday and asked about the possibility of getting plane rides for the group.

Even after they heard that Bryant's only available plane had room for only one passenger at a time, they were still anxious to go. It took the Airpark manager over one and one-half hours to get them all into the air and satisfy their lust for air travel, but the enthusiastic remarks and expressions on the boys faces repaid him in full.

The group, it developed, was brought to the field by the Rev. John Douglas who is minister at the Church of God in Santa Ana. He wanted to give the boys in his congregation an airplane ride, and plans to bring some more out in the future.

DOWNEY & CYPRESS TEAMS IN NSA CHAMPIONSHIP PLAY-OFF

NO CHAMBER MEETING

Because of the Cypress Merchant softball team's participation in the league championship playoffs in Norwalk Monday night, the regular semi-monthly meeting of the Cypress Chamber of Commerce will not be held, announced Richard V. Hathcock, president.

Local softball fans will be heading for the Norwalk diamond Monday night at 8 p.m. to see the first game of the championship series for the National Softball association title.

The Cypress Merchants and All - American Market from Downey ended the season with one loss apiece, so will play a 3 out of 5 series to determine the champion. The only games the teams have lost in league play have been to each other.

After the first game Monday, others will be played Wednesday and Friday. If neither team has the three required wins by then, games will be continued on Monday and Tuesday of the following week.

Out of more than 20 tilts during the season, Cypress romped through mostly one-sided victories. They have dropped only three contests — one in the second game of the season, one in a pick-up practice game, and the official loss to the All-American.

A good turn-out from Cypress should help the local team bring home the gold trophy now on display in a jewelry store in Norwalk. A victory in the play-offs would also mean a softball watch fob for each individual on the team.

Chamber of Commerce President Richard Hathcock has announced that the board of directors has agreed to suspend the regular meeting Monday night in order that more people could attend the game and back the local team.

Cypress' two regular pitchers will be on hand, Jimmy Wright and Eddie Arbiso. Which one will start has not yet been announced.

Frank Ferreira's Mother Arrives From Portugal

Mrs. Balbina Ferreira, 71-year-old mother of Frank C. Ferreira, 9282 South Grindlay, arrived recently from Azores, Portugal, for an indefinite visit with her family here.

At 2:15 a.m., August 4, the transcontinental airplane on which Mrs. Ferreira rode from New York was met by her two sons, Frank, Joe of Norwalk, and their families. It had been 12 years since the family had been together. At that time, the sons traveled to the Azores for a visit.

Mrs. Ferreira traveled the whole distance by plane.

Thinks Food Plentiful

Although she speaks no English, she is constantly using her native tongue to express her amazement of the wonders she sees in the United States. It is hard for her to realize that the people here are living in such abundance, with so much delicious food, and such an extensive network of marvelous highways. Another thing that strikes her as so unusual is so many electrical signs which light up the business districts at night. To her, it is more like a dream.

Her stay here will be as long as she likes. Besides the two sons in the United States, she still has a daughter and son in Azores.

When asked if she had been taken to the beach, her daughter-in-law, Mrs. Frank Ferreira, said, "No—she saw a girl in shorts in Anaheim and it had shocked her enough that the beach will have to wait a while."

LOCATION FOR NEW V.F.W. HALL IS SOUGHT

A committee of six members of the Cypress VFW post no. 9847 has been appointed by Commander H. J. G. (Happy) Kreissler, whose job will be to find a suitable location for a proposed new clubhouse.

The committee consists of Robert O'Leary, Carl Markel, Ted Priddy, Frank Buzzo, Murel Bouse and Kreissler.

Such a building would serve as a meeting place for both the VFW and the Auxiliary, besides a recreation spot for members in their spare time.

If it is constructed according to present tentative plans, it would also be a place available for affairs sponsored by other civic organizations. The VFW feels this would fill a need that Cypress organizations have not had — a suitable clubroom for parties.

SUCCESSFUL BLOOD BANK DRIVE AT ANAHEIM

The drive for blood put on by the Anaheim branch of the American Red Cross reported 74 donors. Donors came from Anaheim and the surrounding territory in answer to the pleas issued by officials there.

Three Cypress Boys Go To Camp

Paul Morris, Bobbie Lukens and Albert Noland returned Saturday from Idylwild Pines camp, Idylwild Pines, California. They were at the camp for a week.

This was the last of three camps sponsored by the Church of the Nazarene for Young People, Girls and Boys. The boys returned with various souvenirs made at the camp during the craft periods.

While there they swam, played all sorts of ball games, took hikes and in all had a wonderfull week of fun according to their reports.

MOBILE X-RAY UNIT TO GIVE FREE CHEST X-RAYS AT FAIR

Among the many features at the Orange County Fair, running through August 21, will be the Mobile X-ray unit of the Orange County Tuberculosis and Health Association, Mrs. Wayne Reafsnyder, president, announced today. Free chest X-rays will be available throughout the duration of the Fair for all persons over 15 years of age. Cypress people who have not had a chest X-ray within the last two years are urged to have one at the Fair.

LOS ALAMITOS BOY WILL STOP IN FRANCE

Midshipman William G. Cue, USNA, son of Mr. and Mrs. Raymond L. Cue of 3591 Howard street, Los Alamitos, is scheduled to visit Cherbourg, France, this month, aboard the battleship USS Missouri.

His ship is participating in the second midshipmen's summer practice cruises task force.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the Enterprise, Anaheim 60355, with their information.

SUNDAY—AUGUST 21
- Church Services—All Churches.

MONDAY—AUGUST 22
- Cypress Chamber of Commerce—8 P.M.—Cypress School.
- Cypress Boy Scouts—7:30 P.M.—Cypress School.
- Los Alamitos American Legion Post 716—8:00 P.M.—Community Church.

BUY AT HOME

That old saying about the grass looking greener in the other field certainly applies to the buying habits of some people. They seem to think that they can do better by making their purchases in other towns or in the large cities.

This might have been true years ago, but in these days when smart merchandising methods are practised not only by chain stores in small communities but by the alert independents as well, the local customer finds, if he looks into the matter, that he can do just as well in his home town as elsewhere.

The point is that the modern small community, especially here in California, is on its toes. Its merchants and citizens are in close touch with world developments. The local newspapers and the radio keep them well informed; good highways and dependable transportation enable them to broaden their contacts; they enjoy good entertainment through the movies; they have available through the local branch bank all the financial services of metropolitan centers; their interests in cultural, political and economic affairs are broadened through close contact with national and international trends and events.

In short, the small town of today is definitely not small in its thinking, its outlook or its services. You have only to take a good look at your town to see this for yourself.

BILLS! BILLS!

Normally 8000 bills are presented at each session of Congress. It takes so much time, apparently, to put all these in the hopper that Congress has no time to act on any of them. Maybe it's just as well. The bills introduced by one senator alone called for the expenditure of $20 billion.

THE NEW LOOK IN TAX ARCHITECTURE...

IN 18 YEARS THE TAX BUILDING HAS GROWN BIG AND TOP HEAVY!

Represents total taxes, collected in the United States by Federal, State and local (counties, cities) Governments. Federal taxes for 1950 are as included in the President's Budget including existing payroll taxes but excluding any proposed increases.

I RISE TO REMARK
by John Phillips

You should know by this time that if anything irritates your Congressman, it is a dishonest use of statistics by a federal agency. You can still make my hair rise on my neck, like an airedale's just mentioning 'OPA.' It wasn't just the millions that agency spent, to figure out the costs to market Chinese water chestnuts, and items like that; it was the simple dishonesty of the OPA, and Chester Bowles, when it came to figures. For example, the time the OPA wanted to prove oranges rose, to consumers, instead of going down, during the 6 weeks there was no OPA. The OPA just averaged the high days! That was a good sample. Anyway, I made Mr. Bowles say privately that he wished to something I can't put in a family newspaper that he'd never heard of citrus.

Now comes the organization supporting federal aid to education. I suspect some of this is coming out of a federal bureau. First, they put in the senate hearings the sad news that "according to U. S. Census figures, 4,000,000 children between 5 and 17 do not attend school." You are supposed to moan, and write me to vote money for federal aid. The Saturday Evening Post pulled the curtain off that one. Of the 4,000,000, all but 375,000 were either too young to go to school, or over the compulsory ages in their states. No allowance was made for physical or mental defectives, or any others. I tell you, it's getting so if some Washington Bureau tells you this is August, you'd better go and look at the calendar.

The same thing applies to the need for money for education in those backward southern states, according to the moaners. I keep sending for the figures showing the surpluses and the balances in the treasuries of all the states. Not a single one of them but has money in the bank. On the last list, Mississippi had $42,126,000 (and would get $13,726,000 from Washington); Louisiana had $9,380,000 (and would get $7,367,000); Georgia had $24,588,000 (and would get $10,383,000). Why they have more money than the northern states which are supposed to tax themselves to help them. Massachusetts had a balance of only $9,535,000 and Rhode Island had only $3,647,000. California has over $400,000,000 surplus, carefully hidden around in various funds. You can buy a lot of education for $400,000,000, provided of course, you want EDUCATION, and not just school buildings. The federal government is $254 BILLION in debt.

I rise to remark the U. S. Treasury is getting into my list of suspects. They are fixing up the daily and monthly reports. Until July 1st, there used to be an item showing the probable debt total at the end of the fiscal year. Since July 1st, this figure is omitted. The only figure there is the debt to date.

Before July 1st, the Treasury kept the expenditures in the black by a little foot note, which I quote "Expenditures exclude $3 billion expended from the E. C. A. Trust Funds. If this were included, there would be a budget deficit to date of $816,740,090."

Now watch this: Same notation just 7 days later, same wording, but the deficit jumped to $1,811,440,047. Will the bank let you keep your account in balance by not counting the checks which would overdraw it? That is what the Treasury Department is apparently doing in its report to the American taxpayer.

The government is spending $500,000,000 every month, of your money, more than we get from you in taxes. If it took you 20 minutes to read this letter, you are just $231,480 deeper in debt than when you started. Better stop reading it!

Plan Big Bicycle Roundup - Rodeo At County Fair

Several thousand young Orange County cyclists are expected to attend the big Bicycle Roundup and Rodeo to be staged at the fairgrounds in connection with the 1949 Orange County Fair on opening day, today, Thursday, Aug. 18.

This special event is being scheduled by the Fair management in the interest of the nation-wide "Bicycle Safety" program. Y. F. Hammatt of Anaheim will be in charge of the event in cooperation with local traffic police departments and bicycle dealers in cities throughout the county.

All youngsters and teen-age bike riders, up to 18 years of age, will be admitted free to the fairgrounds today, according to Manager L. A. (Dan) Patch.

As added attraction for the grownups, all adult cyclists are being invited to visit the 1949 Orange County Fair on Sunday, Aug. 21, at no admission charge if riding bikes. Many cycle club members throughout Southern California are expected to attend this event.

According to Hammatt, all youngsters coming on their bikes from the northern portion of the county are requested to meet today, at 9:00 A.M., at Santiago Park in Santa Ana. The group will then parade through town and cycle to the fairgrounds with police escort.

The Bicycle Rodeo, set to start at 12 noon on the opening day of the Fair, will feature safety and correct riding habits. Police safety officials will act as judges for the tests.

The Bicycle Institute of America has donated two handsome gold trophies and 20 medals and pins for this event.

The Bicycle Rodeo and Safety program will consist of events such as: balancing at slow speeds, steering, circle riding, braking and an interesting news boys' carrier race with the bike riders throwing papers at targets for accuracy.

A parade of the entire group with their bicycles will be made around the fairgrounds with the presentation of awards being made in the big horse show arena.

DRIPPINGS ADDED

Strained meat drippings not only enhance the flavor of cabbage, beans and other vegetables, but they can be used in quick bread batter, chocolate or spice cakes or cookies—to mention only a few.

A Tribute to AA

Fourteen years ago a country doctor, whose career was being wrecked through heavy drinking, found a way out of his "Lost Weekend" through the help of a New York broker, a fellow sufferer who had cured himself through service to others. That meeting resulted in the formation of the national organization we know today as Alcoholics Anonymous.

In this fourteen year period, AA has done what the Chicago Sun-Times, in a recent editorial, calls "one of the most remarkable jobs of our generation." It points out that the rehabilitation of problem drinkers by AA members, each of whom are on call night or day to go to the aid of a victim, is of inestimable value. Each victim saved means a family also saved. Each AA means less work for doctors, hospitals, welfare agencies and even the police. Said the Chicago Sun-Times:

"Moreover, the movement has been one of the greatest single factors in teaching all of us that the evil of drink is not in the bottle. It is in the maladjusted individual who turns to the bottle to escape from real or imagined frustrations.

"A lot of us used to think that if the bottle were removed, the evil would disappear. That's why we tried National Prohibition. Painfully, sometimes bloodily, that magnified our mistake up to a size where all but the most fanatic 'drys' could see it.

"Alcoholics Anonymous goes to the causes of habitual drunkenness instead of trying a futile half-nelson on the effects. That's why AA is with us today while Prohibition isn't."

CHRISTIAN SCIENCE LESSON "MIND"

"Who hath known the mind of the Lord? or who hath been his counsellor?" These questions propounded by Paul to the Romans are the Golden Text of the Sunday Lesson-Sermon on "Mind" in all branches of the Mother Church, The First Church of Christ, Scientist, in Boston.

A Scriptural selection from the Psalms reads, "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither and whatsoever he doeth shall prosper."

In the Christian Science textbook, "Science and Health with Key to the Scriptures" Mary Baker Eddy says, "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible. "A knowledge of the Science of being develops the latent abilities and possibilities of man. It extends the atmosphere of thought, giving mortals access to broader and higher realms."

Keeps Kitchen Cool

The modern kitchen of today is equipped with many conveniences to lighten the burdens of homemaking, including kitchen ventilating fans. While the object, of course, is to remove kitchen odors and greasy smoke, these fans also keep kitchens much cooler in the summer.

The newer type fans are truly works of art, for they are attractively designed to harmonize with modern kitchens. For example, the American Blower Aeropel fan, shown above, has won two fine arts awards for beauty and utility in the home. These fans are easy to install and are said to pay for themselves in a short time in lower cleaning and decorating costs.

CYPRESS LOCALS

The Winfield Trailer Park has made several improvements this summer and expect to beautify the street frontage in the near future. Among recent additions was a new 4-color neon sign which would attract interested motorists to the park. Mr. and Mrs. Flatridge of Long Beach, parents of Mr. and Mrs. Gus Ehrig, of Hudson, guests of the park last winter, were visitors with the Winfields last week-end. The Ehrigs and their children write that they are busy with their farm work in Iowa but did not say whether they would be back next winter. Mr. and Mrs. Frank Parker of Long Beach were also visitors at the park this week.

Since the Central Feed Store reopened for business, K. D. Tillema the proprietor, states that old and new customers are coming in a very satisfactory manner and that he is well pleased--it's better than he expected.

Mr. and Mrs. Clarence Davis spent the week-end visiting at Arrowhead.

Mr. and Mrs. J. W. McCoid left today for a visit at Liberal, Kansas, their old home town. Mr. McCoid's father will be 100 years old in the middle of February, 1950. They have other relatives at Liberal.

Betty Richmond of Leona's Fifth Gear Cafe, leaves this week for Lake Louise, Canada, where she will meet her husband who is returning from a trip to Alaska. They will make a holiday trip of the return journey together from Lake Louise.

Wanye Rollings is building a new 2-bedroom house on DeLong street. Russ Flynn, Leo Ronan and Price Siebert helped him with the work over the week-end.

H. J. Pennington has been issued a permit to build a four room residence with attached garage at 8111 Moody street at an estimated cost of $5000.

Mr. and Mrs. Jack Junker and children were Riverside visitors Sunday.

Otho Switzer, one of the pioneer citizens of Cypress who has been spending part of his time at Cobina where he is undergoing medical treatment, was in town Monday. If his health continues to improve he expects to return home early in September.

The Cypress garage now has a flashy new paint job on their wrecker and work car. White with black lettering, it presents a very nice appearance. Monday they pulled a car out of the ditch at the end of Walker street at Orangethorpe. Two cars racing on the highway forced the car belonging to a resident of Nelson street off the road. It was a '24 Chevrolet and suffered some damage, but no one was injured.

Mr. and Mrs. Luther Head and daughters, Carolyn, Elien and Judy, who live on Bishop street, returned this week from a vacation trip to Texas.

Mr. and Mrs. John Crume and baby, accompanied by Mrs. Crume's father, Peter Widmer who is visiting here from St. Paul, Minnesota, were at San Juan Capistrano Sunday.

Howard Bridger was called to Jonesboro, Arkansas, by the death of his father. Mrs. Bridges was a Sunday dinner guest at the R. L. Miller home.

Miss Betty Lou Knudson, of Ames, Iowa, is visiting in the home of Mr. and Mrs. Burt Kroesen and Dale, 5221 Lincoln Ave. She has applied for admission to the University of Southern California and will stay at the Kroesen's until school starts.

Forrest Lowrey had word from Rick Townswick that he was leaving his old home at Story City, Iowa, Monday and heading west for Cypress and his jewelry store here. If Townswick makes the usual good time on a cross - country motor trip, then he is here in Cypress when you get this copy of the Enterprise.

Mr. and Mrs. Frank Stewart and baby were Glendale visitors Tuesday.

Mr. and Mrs. Gordon Worrell of Long Beach were Sunday guests at the home of Mr. and Mrs. Dan Norland.

The Los Coyotes roadside market stand is again open for business with a stock of watermellons and oranges. A Riverside rancher and his son are the operators.

W. E. Sullivan Fence Co., of Anaheim, Tuesday finished the erection of the new fence west of the school house. Sullivan features industrial and residential fences and all fencing needs. He turned in a very satisfactory job for the Cypress school.

Mrs. C. A. Harden is at Pomona helping take care of a new grand son born August 14 to Mr. and Mrs. Robert Preston. Mrs. Preston is the daughter of Mr. and Mrs. Harden and was Miss Elizabeth Harden before her marriage.

Mr. and Mrs. Ralph Drege and Mrs. Bernard Atwood of Walla Walla, Washington, were Sunday visitors at Tijuana, Mexico. The Atwoods returned to their home Monday after a visit with the Dreges.

The Dixon Electric company last week finished the electrical work on the five new houses being built on La Palma street by J. H. Feemster.

Mr. and Mrs. J. H. Huckabee enjoyed a visit from their daughter and son-in-law, Mr. and Mrs. Guy Tillman of Yuma, Arizona.

Among the Cypress residents attending the sheriff's rodeo in the coliseum in Los Angeles last Sunday were Mr. and Mrs. Earl Essex, Mr. and Mrs. Willard Essex, Mr. and Mrs. Gene Kelley, Mr. and Mrs. Bob McGee and Mr. and Mrs. Edwin Robinson.

Mr. and Mrs. Malcolm Foutz and son, Jerre, of Avenal were the week-end guests of their uncle and aunt, Mr. and Mrs. E. L. McWilliams. Returning home with them was Mrs. Faye Arnold, who spent last week as a guest of her uncle and aunt, the Jerre Foutz'.

Mr. and Mrs. Fred Mackay have moved into their newly-completed home on Watson street.

It has been decided that Jackie Flynn, son of Mr. and Mrs. Russell Flynn, who was taken to Orange County hospital with what was first thought to be polio, is suffering from inflammatory rheumatism.

Mrs. Frank Buzzo is a patient in Anaheim hospital where she underwent surgery early this week.

Mr. and Mrs. Fred F. Walley drove up around Placentia and Yorba Linda Sunday afternoon and when they came home found a message from their children at Burbank, so took to the road again to visit them.

Mrs. Bernice Hahn, cook at the Henry Drug store is a gardener on the side — and she is just as good a gardener as she is cook. Her latest triumph is her this year's tomato crop. The largest tomato weighed one pound ten ounces and the crop averaged about one pound each.

Travelogue

by James C. Duncan

We spent four days at sea and on the morning of the fourth day we sighted the island of Celon. All morning long we followed the coastline. From the ship the island appeared to be a mass of colors. Predominating over all the colors was the rich deep green of the abundant vegetation on the island. The sand on the beach was a silvery white rose from the water and faded away into the green. Trees heavy with blossoms added dashes of red, yellow and white. Overhead, the sky was a rich blue and the sea was an emerald green. No wonder Ceylon is often called the most beautiful island in the world.

At 2:00 p.m. we entered the breakwater of Colombo. The harbor was full of ships representing practically every nation in the world. We had to tie up to buoys as Colombo has no large docks to handle big ships.

Swarming about in the water are the jelly-fish. I have never seen them so thick in one place before. They seem to swarm about the island.

On our second day in Colombo, Lenny and I went ashore to take pictures. We hired a taxie and a guide uptown and we started off on our sightseeing tour. The first place the guide took us was to an immense banyon tree. It towered at least fifty feet above us. Of all the trees in the world, the banyon tree is perhaps the strangest. It has a single trunk like other trees, but as it branches out, it sends roots from the branches back into the ground forming a new tree which is still attached to the original tree. This banyon tree, which is very old, looked like a small forest.

We Are Shoeless

From the tree, the guide took us next to a Buddha Temple. We had to remove our shoes before we could enter the temple. Inside, as you enter, is a circular room. Directly opposite the entrance, is a huge sitting Buddha. It is about fifteen feet tall. On either side of him stand two guards which are approximately thirty feet tall. All of the statues are made of plaster. Scattered at the feet of the Buddha were flowers of all kinds.

Buddhas All Over

In the adjoining rooms were other statues of Buddha in various positions. One was laying down in a sleeping position and it was about fifteen feet long. In other rooms he was standing, bowing, laughing and crying.

From the temple, we went to the Royal Zoological and Botanical Gardens of Colombo. Here is one of the most beautiful zoos I have ever visited. Each tree, flower and shrub was identified by a wooden sign beside it. Every animal was named and it's birthplace and country it came from was told on signs attached to the cages. Every animal native to Asia and the Orient is here. There are Bengal tigers, lions, leopards, panthers, apes, monkeys, chimpanzes, elephants, crocidiles, birds, bears, snakes, and deer. Most of the animals are in open air cages with deep ditches dug around them to keep them from escaping.

Take Elephant Ride

Lenny and I both realized a long ambition of ours while we were here. We rode an elephant. It was really an experience, but for anyone who is inclined to be seasick they shouldn't ride one as they sway and pitch much the same as a ship does. One practically has to do the splits to straddle their wide necks. How anything that eats so much hay could be so hard is beyond me.

The elephant we rode is the park's biggest amusement. She does innumerable tricks. For one of her tricks, her trainer asked for a volunteer from the crowd which had gathered around to watch. One of the fellows from the ship stepped forward. The trainer led him up to the elephant and told him to bend over. Whereupon the elephant took him in her mouth and swung him high in the air and then set him back down. He was a bit shaky, but he enjoyed it. He had on a white shirt and there wasn't a wet mark on it.

From the zoo we returned to the ship. At 4:00 p.m. the following evening, we left Colombo and proceeded to our next port which was Bombay, India.

The following group of Cypress young folks enjoyed a picnic at Alamitos Bay Sunday: Frank Ferreira, Delores Cardin, Manuel Coelho, Carolyn Head, Norman Duncan, Norma Bounds, Delores Caelho, Beverly Cook, Norsi Ferreira, Johnny Andrea, Raymond Prece, Tommy Boudreau, Walter Boeckler, Eddie Arbiso and Phillip Arbiso.

NITE SCHOOL CLASSES IN UPHOLSTERY AT F.J.C. TO OPEN

Registration for upholstery and textile painting classes will be opened Monday, August 22, at Fullerton Evening Junior College, according to Logan Wheatley, director. Registration in the upholstery class will be open to those who have not had it before, Wheatley said, with those who wish to repeat the course being placed on a waiting list.

The class of textile painting will be open to all, Wheatley said. The instructor will be Mrs. Fay Carpenter who will teach one afternoon and one evening session.

Upholstery will be taught by Mrs. Elizabeth Smith and Harold Morris who will conduct two afternoon and two evening classes.

Other classes in the Evening Junior College will begin September 19, Wheatley said, with the dates of registration to be announced soon.

OVER THE HURDLE — Linda Russell of Westminster takes a hurdle in graceful style riding the jumper, Big Boy, owned by Jack Place. Miss Russell demonstrates the kind of action to be seen when she rides in the coming 1949 Orange County Fair's big four-day horse show when that event is staged on the new fairgrounds located on former Santa Ana Army Air Base near Santa Ana, Aug. 18-21, inclusive. Many of the finest thoroughbreds in the West are expected to be entered in the event. A colorful array of exhibits and a gala lineup of entertainment, appealing to young and old alike, will be presented at the four-day Fair.

CERTIFICATE OF BUSINESS FICTITIOUS FIRM NAME

THE UNDERSIGNED do hereby certify that they are conducting a Poultry Business at 8781 Walker St., Cypress, California, under the ficticious firm name of Earl's Fryer Ranch and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Earl R. Siples, 8171 Walker St., Cypress.

Gertrude M. Siples, 8781 Walker St., Cypress.

WITNESS their hands this 11th day of August, 1949.

EARL R. SIPLES
GERTRUDE M. SIPLES

STATE OF CALIFORNIA)
)ss
COUNTY OF ORANGE)

ON THIS 11th day of August, A.D., 1949, before me, Irma Lillian Stodart, a Notary Public in and for said County and State, personally appeared EARL R. SIPLES and GERTRUDE M. SIPLES, known to me to be the persons whose names are subscribed to the within Instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

(SEAL)

IRMA LILLIAN STODART
Notary Public in and for said County and State.

World Champion Girls' Ball Team At Buena Park

Sustaining the winning drive that gave them third spot in the Western States league, Buena Park's Lynx took two out of three games from the circuit leading Phoenix Ramblers this past week-end in Arizona and are now primed for a renewal of hostilities on home grounds this week-end. Buena Park's own orchard will be the scene of tomorrow night's fracas, (Aug. 19), and the final on Sunday eve. Saturday night's set-to will be presented at Amerige Park, Fullerton.

The scores for this first half of the series for Buena Park were 3-2, 1-4 and 4-1 with Alsup getting the victories. All the games were tight contests; being decided in the closing stanzas. In Sunday night's contest, the Ramblers held a 1-0 lead up to the fifth inning when the Lynx forged ahead with a three-run rally in their half of the sixth and another marker in the seventh.

California veterans who were born in or entered service from this State may be eligible for State assistance in financing farms and homes, with advances up to $7,500 on a home or $13,500 on a farm repayable over long periods at low interest (currently 3 per cent).
